

COVERED BRIDGES AND COUNTRY STORES OF VERMONT

Offered by Notch Above Tours

Come along and travel Vermont's country roads to explore quaint country stores and both historical and haunted covered bridges. Prepare yourself for an adventure into some of Vermont's most beautiful backcountry roads and scenic vistas, many of which are known only to the locals.

During the 19th and the early part of the 20th-centuries, New England had some one-thousand **covered bridges**. The ravages of time, weather, neglect and vandals have reduced that number to fewer than two-hundred. The majority are found in Vermont. Join your Notch Above guide and an expert who has done research on and written about covered bridges. Throughout the state, we can select a region with you, **visit bridges**, learn about the **construction, history** and any **anecdotal information**. You will not only see, touch and cross bridges, you will also travel along Vermont's back roads and learn about the people and villages you visit during the day.
